# INSTALLATION

## Desk Pedestals Install

Manufactured in the USA by MonoSystems, Inc.

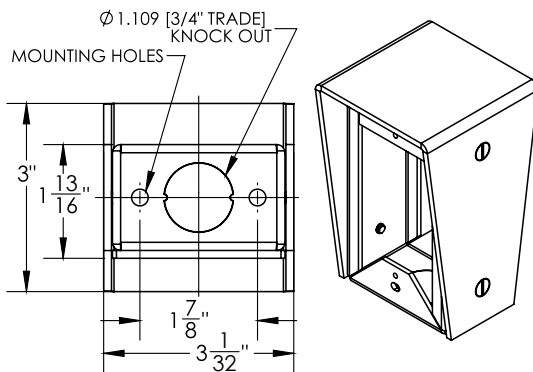

UL LISTED  
FILE: E362418

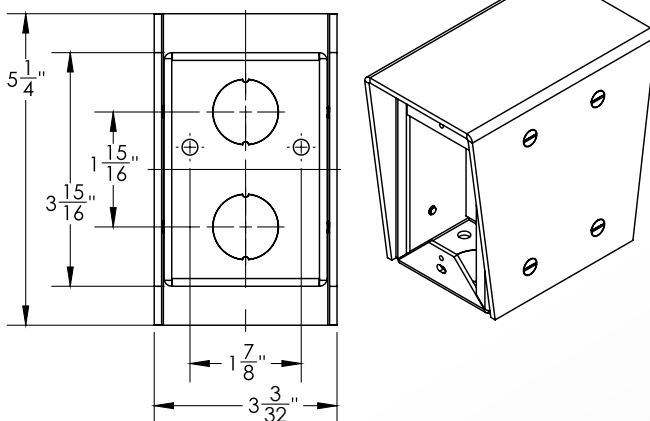

### INSTALLATION INSTRUCTIONS:

- 1.) If applicable, remove 9/32 knockouts and desired 3/4" trade [Ø1.109] knockout/s from bottom of base.
- 2.) Place box in desired mounting position and confirm needed clearance for conduit/s and mounting bolts.
- 3.) With box in desired position, mark mounting hole locations.
- 4.) Drill 1/4" clearance holes thru top of desk, bench, or other level mounting surface at the position of the marked mounting holes.
- 5.) Mount box using 1/4-20" bolts, capture on underside of desk or bench using 1/4" serrated flanged nuts.
- 6.) Mount devices (by others) to desk pedestal box, wire per nec & local codes. Connect ground wire to #10-32 grounding screws inside of box.
- 7.) Install conduit (by others) thru 3/4" trade size knockouts in bottom of box.
- 8.) Finish with device cover plate (by others).
- 9.) Material: 5052 H32 aluminum, cover: satin anodized finish.
- 10.) Views for reference - do not scale.
