

# Surface Raceway / Steel SMS2411DFO

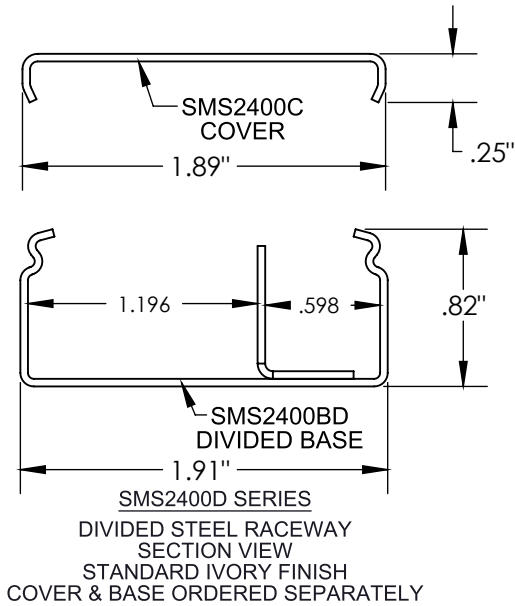

SnapMark™ Fittings

Manufactured by MonoSystems, Inc.

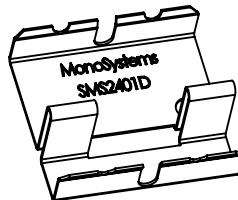

## FLAT 90° DIVIDED ELBOW, 2" RADIUS

### Notes

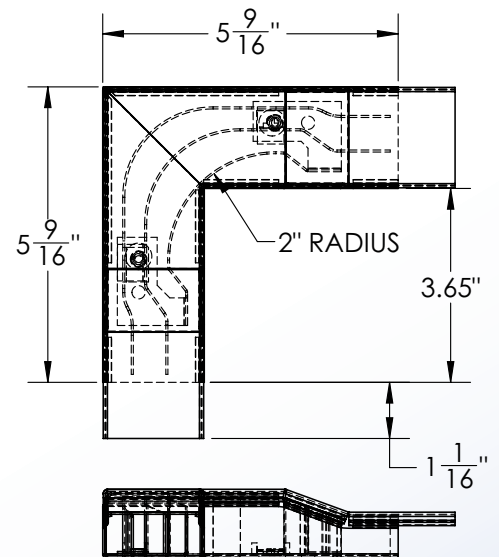

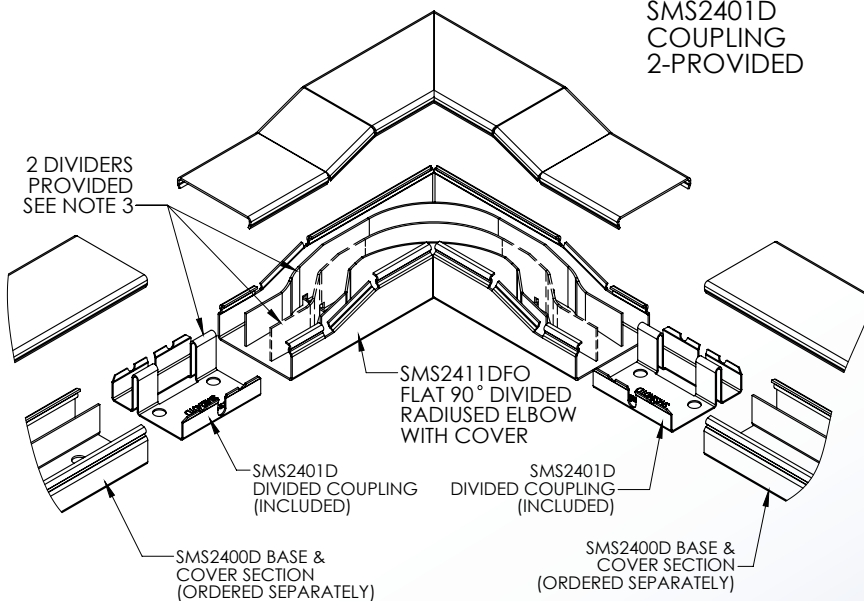

- 1.) Ideal for inlay or pull trough installations.
- 2.) Place and mount raceway on mounting surface (hardware by others) in proper and intended position.
- 3.) Select and position flat elbow divider and rotate couplings depending on orientation of the divided base being connected.
- 4.) Views for reference - do not scale.
